

National Medicare Training Program

Let us hear from you!
Contact us at:
NMTP@cms.hhs.gov

The National Medicare Training Program is the official CMS source for consistent, accurate and reliable training on the Medicare program. Materials are designed in multiple formats for partners providing information, assistance and education to people with Medicare. Visit www.cms.hhs.gov/NationalMedicareTrainingProgram to find the products listed below, as well as other Medicare training materials. Check our online Training Library for the latest updates, or to view individual items (www.cms.hhs.gov/NationalMedicareTrainingProgram/TL/list.asp).

Audio-Conference Call Training: Training series on *My Health. My Medicare.* featuring CMS policy experts who present current information and answer questions from the audience. Sessions are recorded and archived with a corresponding PowerPoint presentation. Select [Audio-Conference Training](#) on our homepage.

Resource Guide for Partners: Comprehensive guide that familiarizes organizations assisting people with Medicare with agency references like fact sheets, forms, mailings and training materials; it includes Web links to most recent versions.

Medicare Prescription Drug Plan Finder Products: Webinar, video and PowerPoint module demonstrating the Drug Plan Finder, including explanations of the Monthly Cost Estimator, a personalized chart illustrating 12 months of expected drug spending for each plan.

Medicare Options Compare Video: This CD helps people with Medicare learn how to compare health plans and Medigap policies in their area, using the online Medicare Options Compare tool, previously known as the Medicare Personal Plan Finder.

Train-the-Trainer Modules: Designed for use by partners who share Medicare program information with their constituents. PowerPoint presentations include speaker's notes.

Additional training resources:

- *My Health. My Medicare.* looping video for outreach events
- **MyMedicare.gov video** introducing Medicare's online service for accessing personalized claim and benefit information
- **Webcasts** on a variety of Medicare topics

New Products Under Development: Check our website or join our listserv.

CMS is committed to giving you accurate and timely tools so you can help people with Medicare make the most of their benefits. All of the tools highlighted below are available on medicare.gov or cms.hhs.gov on the web.

Products for Partners

For Partners:

Visit cms.hhs.gov/Partnerships/ and select “Publications for Partners” to view more than 100 tip sheets in English and Spanish that answer your questions about the Medicare program and help you explain it to others.

For People with Medicare:

Visit medicare.gov and select “Find a Medicare Publication” to view brochures, booklets, and fact sheets in English and Spanish on General Information, Medicare Prescription Drug Coverage, Health Care Choices, Staying Healthy, Coverage and Payment, and Rights and Protections.

To Order CMS Publications:

Visit pubordering.cms.hhs.gov/maillinglist/ to order print publications for people with Medicare.

Current CMS Mailings:

Visit cms.hhs.gov/Partnerships/ and select “Current CMS Mailings to People with Medicare” to find out what people with Medicare may be getting in the mail.

Medicare & You Information:

Visit cms.hhs.gov/Partnerships/ and select “Medicare & You Information” to view the 48 geographic-specific versions of *Medicare & You* with drug and health plan comparison charts for particular states or regions.

Materials about Preventive Services:

A Healthier US Starts Here: Visit medicare.gov and select “Welcome to the First Day of a Healthier Life” to learn about how Medicare helps keep people healthy. Or use this link: <http://www.cms.hhs.gov/HealthierUS>

Partner Center: Learn about partnering opportunities with CMS and how to join our listserv.
