

The National Telehealth Webinar Series
Presented by
The National Network of Telehealth Resource Centers

Step by Step: Starting a Telehealth Program

March 15, 2012

9:00 AM HST, 10:00 AM AKST, 11:00 AM PST, 12:00 PM MST, 1:00 PM CST, 2:00 PM EST

- Christine Martin, Executive Director, California Telemedicine and eHealth Center
- Megan Shull, Program Coordinator, California Telemedicine and eHealth Center

The California Telemedicine and eHealth Center will discuss their experiences implementing a wide variety of telehealth programs utilizing a step by step strategic process. This discussion will highlight telehealth best practices from programs across the country.

This step by step approach includes information on these areas for successful program development:

- Assessing your service needs and environment
- Defining your program model—what type of program best fits your need?
- What successful programs have in common
- Business plans

The TRC Webinar Series provides timely information and demonstrations to support and guide the development of your telehealth program by experienced telehealth professionals from the HRSA-designated Telehealth Resource Centers (TRCs).

These webinars are FREE to the public and are offered every 3rd Thursday of the month.
