

CCHD SCREENING:

An Overview for Moving Forward

Webinar: Monday, May 14, 2012

12:00-2:00 pm CDT

[Register Now](#)

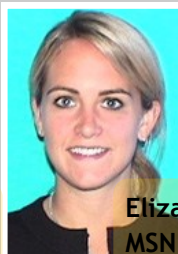

The Heartland Genetics and Newborn Screening Collaborative invites you to join a region-wide webinar to learn more about implementing CCHD screening in your state.

Webinar Objectives:

1. Identify need for and significance of CCHD screening.
2. Describe national efforts, endorsements and recommendations surrounding CCHD screening.
3. Describe current state of newborn and CCHD screening within the Heartland Genetics and Newborn Screening Collaborative.
4. Identify resources for implementation and education of providers and parents.
5. Describe recommendations for moving forward with legislative and implementation efforts.

Gerard Martin,
MD, FAAP, FACC

Elizabeth Bradshaw,
MSN, RN, CPN
