

Individualized Healthcare Plans: What is YOUR State Doing?

December 19, 2012 @ 11:00 am (CST)
1 hour webinar with optional 30 minute Q & A

INTERACTIVE Webinar

During this session, participants can take part in an interactive discussion regarding Individualized Healthcare Plans (IHPs). Presenters will share a Kansas project related to IHPs and plans for expansion within the eight states of the Heartland Genetics and Newborn Screening Collaborative.

Participants can...

- ◆ Learn about IHP initiatives in other Heartland states
- ◆ Hear plans to support successful IHP development
- ◆ Share your experiences and processes related to IHP
- ◆ Get involved with regional IHP efforts

Webinar OBJECTIVES

1. Share Kansas IHP initiatives to date.
2. Inform plans of Heartland Genetics and Newborn Screening Collaborative project.
3. Discuss IHP practices and activities in other states.
4. Gain interest for participation in an IHP learning collaborative.
