

The Genetics of Hearing Loss

Presented by G. Bradley Schaefer, MD, FAAP, FACMG

QUESTIONS ABOUT GENETICS AND HEARING LOSS?

The Early Hearing Detection and Intervention (EHDI) Work Group of the Heartland Genetics and Newborn Screening Collaborative invites you to join a region-wide webinar focused on the genetics of hearing loss.

Dr. Brad Schaefer, a medical geneticist at the University of Arkansas for Medical Sciences, will discuss when to refer a child with hearing loss for a genetic evaluation, genes involved with hearing loss and the options for genetic testing.

The webinar is FREE and open to all; pre-registration is required. Following the presentation there will be time for questions and answers with Dr. Schaefer.

Target Audience:

-  Audiologists
-  ENTs
-  EHDI Professionals

Topics will include:

-  Genetics evaluation for a child with hearing loss
-  Common genes responsible for hearing loss
-  Genetic testing options

FREE WEBINAR

Monday, May 6th
9:00-10:00 am (CDT)
