

# GAANN FELLOWSHIPS IN CHEMISTRY

## AT SYRACUSE UNIVERSITY

---

The Department of Chemistry at Syracuse University is pleased to offer several GAANN (Graduate Assistance in Areas of National Need) fellowships. These prestigious awards are funded through a grant from the U.S. Department of Education and will enable students from traditionally underrepresented groups to pursue the PhD. The Chemistry Department offers a friendly, supportive atmosphere in which to conduct cutting edge research in both traditional and interdisciplinary areas of chemistry.

### How To Apply:

1. Send an email to Professor Nancy Totah at [ntotah@syr.edu](mailto:ntotah@syr.edu) stating your interest in applying for the GAANN fellowship.
2. Submit an application for graduate study in Chemistry at Syracuse University. Apply on-line at: <https://graduateadmissions.syr.edu/howtoapply/>
3. Provide evidence of financial need by submitting a FAFSA. You can complete the FAFSA online at: <http://www.fafsa.ed.gov>
4. For full consideration, all components of the GAANN fellowship application must be complete by **March 1<sup>st</sup>, 2017**.

Women and underrepresented minority candidates are strongly encouraged to apply.

### Program Features

#### stipend

Up to \$34,000/yr based on financial need (as established by the FAFSA).

#### tuition

Full tuition support provided.

#### continued financial support

Fellows in good academic standing in the Ph.D. program will receive financial support in the form of a teaching assistantship, fellowship, or research assistantship for a total of five years.

#### supervised teaching experience

Supervised training in instruction is provided through the Department of Chemistry and the Syracuse University Future Professoriate Program (FPP). Fellows will earn a Certificate of University Teaching.

### Fellowship Requirements

- U.S. Citizen or permanent resident
- Excellent academic credentials
- Demonstrated financial need (based on the FAFSA)
- Plans for a future career in teaching or research
- Admission to the graduate program in chemistry at Syracuse University
