VisualDx: A Resource to Behold!

Thursday, September 28, 2023 | 11:00 - 11:30 PST

VisualDx is a diagnostic clinical decision support system designed to enhance diagnostic accuracy, aid therapeutic decisions, and improve patient safety. Clinicians can build a custom differential diagnosis across general medicine or use the search function to access patient-specific clinical information and medical images. This session will also cover searching by chief complaint, diagnosis or drug reaction, the skin of color atlas, and the curated medical image library.
